CLUBS BROCHURE TERM 1

9

2019-2020

INTRODUCTION

Brookhouse Clubs programme provides valuable experiences for students to strive towards physical and mental excellence, whilst developing interests, skills and talents while having a great deal of fun!

The programme is also vitally important to the Round Square ethos of the school and to the personal development of each child. It also encourages children of all abilities to set goals and work towards them, as they strive to realize and utilize their potential in various areas. Our coaches and facilitators work closely with students to help them reach their maximum potential.

Most of these clubs are offered during period nine. Students are encouraged to participate in one or more clubs per term.

Please find more detailed information on each club in this brochure.
