INTRODUCTION

Dear Parents

Welcome to another academic term. We hope you had a fantastic break. This club brochure runs for Term 1 only (September—December 2019) and we are hopeful of continuing to expand the offering of Clubs, Activities and Sports and Music Training as we grow in our new Campus facilities.

The Brookhouse clubs programme provides valuable experiences for children in which they can strive towards developing interests, skills and talents. But most importantly, they can have a great deal of fun! The programme is also vitally important to the Round Square ethos of the school and to the personal development of each child. Please find more detailed information on each club in this brochure.

We would advise parents to choose for their children at least one club for the term, up to a maximum of three. Please use the form at the back of this brochure to choose your club(s) and remember to check the year group limitations when making your choices. **All payments for any paid club must be made directly to the school's accounts office.**
